SAFETY DATA SHEET

Date: June 2015

Section #1: PRODUCT AND COMPANY IDENTIFICATION

Lapmaster Wolters, LLC
501 W. Algonquin Road
Mt. Prospect, IL 60056

Telephone: (224) 659-7101 (Office Hours 8:00 a.m. to 5:30 p.m. CST)
24-Hour Emergency Number: Chemtrec – 1-800-424-9300

Product: White Calcined Alumina Abrasive – Treated for Oil Suspension
Product Name: White Calcined Alumina Powder #LAP5-T002-0XX-70YY
X = Container Size (weight) Y = Particle Size Code (microns)

2 Hazards identification

- 2.1 Classification of the substance or mixture
   Classification according to Regulation (EC) No 1272/2008
   The following Hazard Statements are applicable only to the EU regulations and not the US GHS regulation: H350i.
   The following Hazard Statements are applicable only to the general GHS regulations and not the specific CLP regulation: H350.

   **H350**: May cause cancer.
   Health hazard

   Carc. 1A H350i: May cause cancer by inhalation.

- Classification according to Directive 67/548/EEC or Directive 1999/45/EC
  - T: Toxic
  - R45: May cause cancer.

- Information concerning particular hazards for human and environment:
  The product has to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.

- Classification system:
  The classification is according to the latest editions of the EU-lists, and extended by company and literature data.
  The classification is in accordance with the latest editions of international substances lists, and is supplemented by information from technical literature and by information provided by the company.

- 2.2 Label elements
  - Labelling according to Regulation (EC) No 1272/2008
  The product is classified and labelled according to the CLP regulation.

(Contd. on page 2)
Safety Data Sheet
according to 1907/2006/EC (REACH), 1272/2008/EC (CLP), and GHS

Printing date 12.05.2014 Revision: 12.05.2014

Trade name: MICRO ALUMINA "T" Treated

- Hazard pictograms
  - GHS08

- Signal word Danger

- Hazard-determining components of labelling:
  Quartz (SiO2)

- Hazard statements
  The following Hazard Statements are applicable only to the EU regulations and not the US GHS regulation: H350i.
  The following Hazard Statements are applicable only to the general GHS regulations and not the specific CLP regulation: H350.
  H350: May cause cancer. (USA)
  H350i May cause cancer by inhalation.

- Precautionary statements
  P281 Use personal protective equipment as required.
  P201 Obtain special instructions before use.
  P202 Do not handle until all safety precautions have been read and understood.
  P308+P313 IF exposed or concerned: Get medical advice/attention.
  P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

- Additional information:
  Restricted to professional users.

- Hazard description:

- WHMIS-symbols:
  D2A - Very toxic material causing other toxic effects

- NFPA ratings (scale 0 - 4)
  Health = 2
  Fire = 0
  Reactivity = 0

- HMIS-ratings (scale 0 - 4)
  Health = *2
  Fire = 0
  Reactivity = 0
  * - Indicates a long term health hazard from repeated or prolonged exposures.

- HMIS Long Term Health Hazard Substances

Additional information: For the wording of the listed risk phrases refer to section 16.

4 First aid measures

4.1 Description of first aid measures

- General information: No special measures required.
- After inhalation:
  Supply fresh air; consult doctor in case of complaints.
  Provide oxygen treatment if affected person has difficulty breathing.
- After skin contact:
  Brush off loose particles from skin.
  Immediately wash with water and soap and rinse thoroughly.
  If skin irritation continues, consult a doctor.
- After eye contact:
  Remove contact lenses if worn.

(Contd. on page 4)
Trade name: MICRO ALUMINA "T" Treated

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- **After swallowing:** Do not induce vomiting; call for medical help immediately.

### 4.2 Most important symptoms and effects, both acute and delayed

- Coughing
- Breathing difficulty
- Slight irritant effect on eyes.
- Gastric or intestinal disorders when ingested.
- Nausea in case of ingestion.

### 4.3 Indication of any immediate medical attention and special treatment needed

May produce a emphysemic effect.
If necessary oxygen respiration treatment.

### 5 Firefighting measures

#### 5.1 Extinguishing media

- **Suitable extinguishing agents:** Use fire extinguishing methods suitable to surrounding conditions.
- **For safety reasons unsuitable extinguishing agents:** None.

#### 5.2 Special hazards arising from the substance or mixture

Formation of toxic gases is possible during heating or in case of fire.

#### 5.3 Advice for firefighters

- **Protective equipment:**
  - Wear self-contained respiratory protective device.
  - Wear fully protective suit.
- **Additional information** No further relevant information available.

### 6 Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

- Use respiratory protective device against the effects of fumes/dust/aerosol.
- Ensure adequate ventilation
- Avoid formation of dust.
- Wear protective equipment. Keep unprotected persons away.

#### 6.2 Environmental precautions:

- Do not allow to enter sewers/surface or ground water.
- Damp down dust with water spray.

#### 6.3 Methods and material for containment and cleaning up:

- Pick up mechanically.
- Send for recovery or disposal in suitable receptacles.
- Dispose contaminated material as waste according to item 13.

#### 6.4 Reference to other sections

- See Section 7 for information on safe handling.
- See Section 8 for information on personal protection equipment.
Trade name: MICRO ALUMINA "T" Treated

See Section 13 for disposal information.

7 Handling and storage

- 7.1 Precautions for safe handling
  Prevent formation of dust.
  Any unavoidable deposit of dust must be regularly removed.
  Use only in well ventilated areas.
  Take note of emission threshold.
- Information about fire - and explosion protection: No special measures required.

- 7.2 Conditions for safe storage, including any incompatibilities
  - Storage:
    Requirements to be met by storerooms and receptacles: No special requirements.
    Information about storage in one common storage facility:
    Store away from foodstuffs.
    Protect from humidity and water.
- Further information about storage conditions: Store in cool, dry conditions in well sealed receptacles.

- 7.3 Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

- Additional information about design of technical facilities: No further data; see item 7.

- 8.1 Control parameters

**DNELs** No further relevant information available. (Contd. on page 7)
Trade name: MICRO ALUMINA "T" Treated

· PNECs No further relevant information available.
· Additional information: The lists valid during the making were used as basis.

8.2 Exposure controls
· Personal protective equipment:
· General protective and hygienic measures:
The usual precautionary measures are to be adhered to when handling chemicals.
Keep away from foodstuffs, beverages and feed.
Wash hands before breaks and at the end of work.
Do not inhale dust / smoke / mist.
Avoid close or long term contact with the skin.
Avoid contact with the eyes.

Respiratory protection:
Suitable respiratory protective device recommended.
Avoid inhalation of the chemical/ the product/ the preparation by organizational measures.
For spills, respiratory protection may be advisable.
Use respiratory protection when grinding or cutting material.

Protection of hands:
No chemical-protective gloves required.
Wear gloves for the protection against mechanical hazards according to NIOSH or EN 388.

Eye protection:
Safety glasses

Body protection:
Not required under normal conditions of use.
Protection may be required for spills.

Limitation and supervision of exposure into the environment No special requirements.

Risk management measures No special requirements.

9 Physical and chemical properties

9.1 Information on basic physical and chemical properties
· General Information
· Appearance:
  Form: Crystalline powder
  Colour: White
· Odour: Odourless
  Odour threshold: Not determined.
  pH-value: Not applicable.
· Change in condition
  Melting point/Melting range: 3632 °F / 2000 °C
  Boiling point/Boiling range: Undetermined.
  Flash point: Not applicable.
Trade name: MICRO ALUMINA "T" Treated

10 Stability and reactivity

10.1 Reactivity
10.2 Chemical stability
10.3 Possibility of hazardous reactions
As the product is supplied it is not capable of dust explosion; however enrichment with fine dust causes risk of dust explosion.
Reacts with strong acids and alkali.
10.4 Conditions to avoid Moisture.
10.5 Incompatible materials: No further relevant information available.
10.6 Hazardous decomposition products: Toxic metal oxide smoke
11 Toxicological information

- 11.1 Information on toxicological effects
  - Acute toxicity:
  - Primary irritant effect:
    - on the skin: No irritant effect.
    - on the eye: Slight irritant effect on eyes.
  - Sensitization: No sensitizing effects known.
  - Additional toxicological information:
    Carcinogenic if inhaled.
    May cause cancer.
  - Repeated dose toxicity: May cause damage to organs through prolonged or repeated exposure.
  - CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction):
    Carc. 1A

12 Ecological information

- 12.1 Toxicity
  - Aquatic toxicity: Generally not hazardous for water
- 12.2 Persistence and degradability No further relevant information available.
- 12.3 Bioaccumulative potential No further relevant information available.
- 12.4 Mobility in soil No further relevant information available.
- Additional ecological information:
  - General notes:
    Negative ecological effects are, according to the current state of knowledge, not expected.
  - 12.5 Results of PBT and vPvB assessment
    - PBT: Not applicable.
    - vPvB: Not applicable.
- 12.6 Other adverse effects No further relevant information available.

13 Disposal considerations

- 13.1 Waste treatment methods
  - Recommendation
    Contact waste processors for recycling information.
    The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes. Residual materials should be treated as hazardous.
  - Uncleaned packaging:
    - Recommendation: Disposal must be made according to official regulations.
14 Transport information

- 14.1 UN-Number
  - DOT, ADR, ADN, IMDG, IATA: Not Regulated
- 14.2 UN proper shipping name
  - DOT, ADR, ADN, IMDG, IATA: Not Regulated
- 14.3 Transport hazard class(es)
  - DOT, ADR, ADN, IMDG, IATA: Not Regulated
- 14.4 Packing group
  - Class: Not Regulated
- 14.5 Environmental hazards:
  - Marine pollutant: No
- 14.6 Special precautions for user
  - Not applicable.
- 14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code
  - Not applicable.
- UN "Model Regulation": -

15 Regulatory information

- 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture
  - United States (USA)
    - SARA
      - Section 355 (extremely hazardous substances):
        None of the ingredients is listed.
      - Section 313 (Specific toxic chemical listings):
        1344-28-1 aluminium oxide
      - TSCA (Toxic Substances Control Act):
        All ingredients are listed.
    - Proposition 65 (California):
      - Chemicals known to cause cancer:
        14808-60-7 Quartz (SiO2)
        13463-67-7 titanium dioxide
      - Chemicals known to cause reproductive toxicity for females:
        None of the ingredients is listed.
      - Chemicals known to cause reproductive toxicity for males:
        None of the ingredients is listed.
      - Chemicals known to cause developmental toxicity:
        None of the ingredients is listed.
